## POWDER COAT FINISHES

Each component of our powder coated doors is painted prior to assembly, eliminating direct exposure of the stainless steel to the environment. This hinders the chance for rust over time and provides a nearly maintenance-free finish. Brown Jordan Outdoor Kitchens' powder coat paint palette is a 10-color exclusive line selected to match Brown Jordan furniture. Brown Jordan Outdoor Kitchens offers wood grain powder coat finishes, enhancing the design quality of your outdoor living space by providing the look and style of real wood without the wear and maintenance.
