Elements: Design Guidelines

Return to Table of Contents

Base Cabinet part number nomenclature; example:						
ELEM OBF1801-RH: 18" Full Height Door Cabinet						
ELEM	**OB**	**F**	**18**	**0**	**1**	**-RH**
Prefix	**Category (Base)**	**Style (Full-Height)**	**Width (inches)**	**Drawer(s)**	**Door(s)**	**Hinge Direction**

Cabinet usage for the Brown Jordan Elements line differs from Danver Base Cabinets.

Please follow the guidelines below when quoting an Elements runs:

1. All Elements by Tecno Base cabinets and accessories use the prefix: ELEM. This is designed to help you find the specific Elements base needed.
2. **66" maximum length of unsupported cabinets.** Segments of cabinet runs cannot exceed 66"W without a Transition or ELEM OSP, any combination of Non-Appliance cabinets can be used to add up to 66"W.
3. **Elements Left & Right Side Panels must be used to end each side of a run.** These panels come with a set of 2 legs which attach to the frame. Standard Elements bases do not come with legs attached, these are always provided with ELEM OSP and ELEM TRANSITION parts.
4. **Undercounter appliances** cannot be used at the END of a run. Grill and Side Burner Bases can be used anywhere.
5. **Elements Grill base cabinets** must have Transition pieces on either side of the grill. Elements Grill bases are designed to house grills that are 3" smaller than the overall cabinet width. Ex: Alfresco 42" Grill would be housed in an ELEM OGB4520.

Elements - Door Style and Cabinet Box

Return to Table of Contents

All Elements by Tecno Base cabinets have the same door style that is different than other base cabinetry which comes standard with Hampton slab doors. Please reference the specifications below.

BROWN JORDAN®
OUTDOOR KITCHENS™

Please use this guide for selecting powder coat color options when ordering Elements cabinets.

Note: Choosing a color for **Selection A** will result in **Selection B** being painted the same color unless otherwise noted. **Selection C** & **Selection D** are stand alone selections that have to be chosen.

Elements base shown with OSP L-R installed on each side. Elements base cabinets DO NOT come with legs attached. Legs are added via ELEM TRANSITION ELEM OSP L-R.

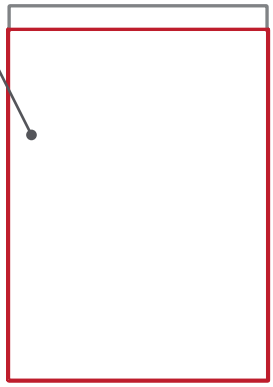
Elements - Powder Coat Guide

Return to Table of Contents

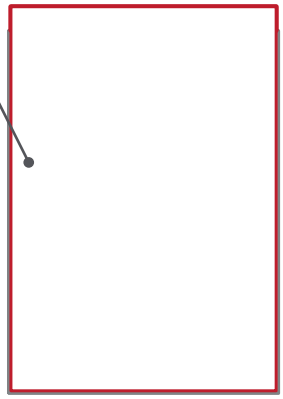
POWDER COAT - Determines the powder coat Finish on Elements Door Panels, Side Panels, Back Panels, and Cabinet Frames.

Note: Choosing a color for **Selection A** will result in **Selection B** being painted the same color unless otherwise noted.



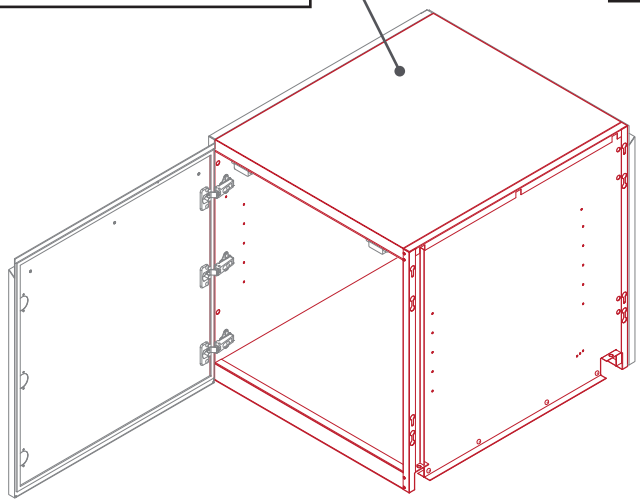
Selection A
Elements Door Front Powder Coat

DOOR BACK - Determines the powder coat finish on Elements Rear Door Panels/Top Front Reveal of doors, cabinet Side Panels and Back Panels



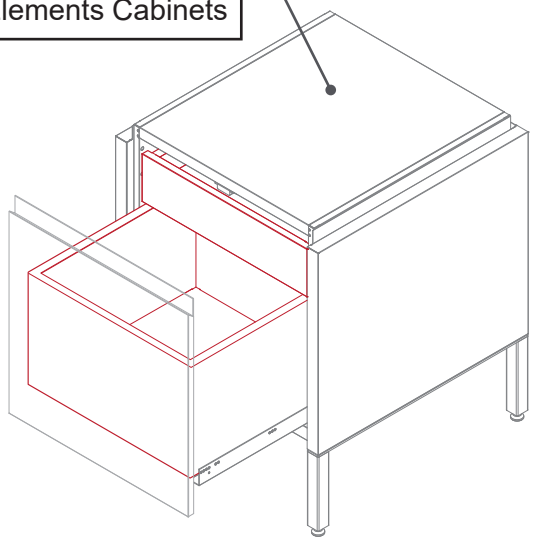
Selection B
Elements Door Rear Powder Coat

CABINET INTERIOR - Determines the powder coat finish for the Interior



Selection C
Elements Cabinet Interior

DRAWER INTERIOR - Determines the Powder Coat Finish for the Interior drawer face and box of Elements Cabinets



Selection D
Elements Drawer Interior

Note: cabinet/drawer interior usually contrasts with the selection made for Door Front (i.e. light color front, darker interior)

SKU
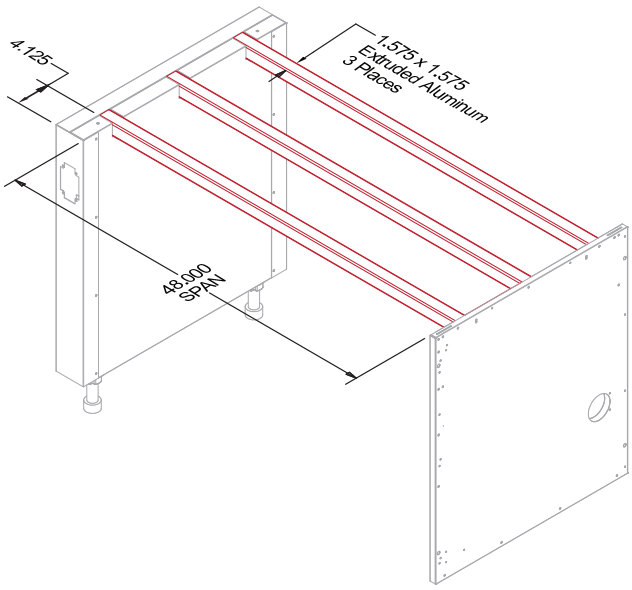
ELEM TRANSITION



Note: see regular OCS specs for additional part details.

Product Description
ELEM OCS: Brace kit to support countertop over a 30" span. Countertop support spacers are cut 1.5" longer than size listed to fit inside adjacent supports by .75". Consists of 3 aluminum extrusions to provide considerable support. Note: span extrusions are very durable. Danver does not warranty the spans to keep counter tops from cracking if mistreated during use. The fabricator/installer must determine if there are any stability issues across a span.
